PRODUCTIVE CARPENTRY

Professional Wood And Steel Fabrication

Carpentry And Steelwork Specialists

About Productive Carpentry

Productive Carpentry is a VAT registered, family orientated business, situated on the West Rand and was established in 2003. An on-site fully equipped timber factory puts us in the position to not only do various installations but also supply high-quality timber products.

Professional And Expert Carpentry Services

Productive Carpentry consists of highly skilled carpenters. Our company has the capacity to complete deadlines and provide quality workmanship under pressure.

Established in 2003, Productive Carpentry went from a small, locally popular business to a well-established business in Gauteng. With a fully equipped timber factory, we not only do various installations but also supply high-quality timber products at affordable prices.
